(c) whether it is also a fact that the Ministry did not make serious efforts to secure gas in Myanmar;

(d) if so, whether any responsibility has been fixed by the Ministry; and

(e) if not, the reasons thereof?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI DINSHA J. PATEL): (a) No, sir

(b) Does not arise.

(c) Ministry of Petroleum & Natural Gas keenly pursued the import of natural gas from Myanmar. Government of Myanmar issued Letter of Intent on February 11, 2004 and subsequently signed an MoU on March 9, 2006 during the visit of President of India to Myanmar, acknowledging GAIL as a preferential buyer of gas from A1 and A3 blocks in Myanmar.

However, in August 2006, Myanmar invited bids for selling natural gas from A1 and A3 offshore blocks. GAIL submitted its bid. Subsequently, Government of Myanmar reviewed their decision to sell this gas through the pipeline route and invited bids for sale of 3.5 MMTPA of Liquefied Natural Gas (LNG). GAIL again submitted its bid. The matter was discussed in various meetings held between Government of Myanmar and Consortium in January, February and March, 2007.

In the meeting held in February 2007 between Myanmar Government and Petro China, Myanmar Government decided that the gas from A1 and A3 blocks would be sold to China through the pipeline route. This development was conveyed to the consortium partners by Myanmar Government during a meeting held at Nay Pyi Taw (NPT) on March 16, 2007. GAIL impressed upon the other partners and the Myanmar Government that GAIL's pipeline offer was still the most competitive and offered optimum value for them due to proximity of India to these fields. However, Myanmar Government stuck to their decision to sell the gas to China.

(d) and (e) Do not arise in view of the reply to part (c) above.
